## MUTINEERS AT LAST SURRENDER WARSHIP

### Kniaz Potemkine Turned Over To Roumania Officials.

#### TURKEY ORDERED TO SINK SHIP

**The Mutineers Offer the Warship to Roumania as a Present and Want Passports Furnished them by that Government.**

**KUSTENJI, Roumania, July 10—The mutinous crew of the Kniaz Potemkine and her consort, the rebel torpedo boat, have surrendered to the Roumanian authorities, have landed and are now being dispatched in small parties to different places in Roumania.**

Kustenji, Roumania, July 10.—The mutineers on the Kniaz Potemkine have offered to surrender as deserters and the Roumanian authorities have demanded the breech blocks of the battleship's guns as a pledge of good faith.

The formal announcement of the surrender of the mutineers is expected shortly.

The mutineers have offered to present the battleship to the Roumanian government as they declare they are anxious that she should not be handed over to Russia.

The Kniaz Potemkine arrived here today accompanied by a torpedo boat and now lies in the outer harbor near the Russian guardship Psezouape. The Roumanian cruiser Elisabata and the training ship Mircea are in close proximity. General Angelesc, commanding the Dobruj a division, and the port commander, proceeded to the battleship to demand an explanation of the reasons for her reappearance in Roumanian waters.

Soon after she had anchored the Kniaz Potemkine began exchanging signals with the Royal guardship Pseouape. The appearance of the Potemkine and the rumors concerning an intended surrender, caused the greatest excitement in Kustenji, and attracted large crowds to the sea front.

The mutineers asked the Roumanian authorities to guarantee that they would furnish the sailors who surrender with the Roumanian passports and also guarantee that they shall not be extradited to Russia. The local authorities are waiting for instructions from Bucharest, and in the meantime the commander of the port is preparing a berth for the Kniaz Potemkine.

#### Sink Ship Says Russia.

Constantinople, July 10.—The Russian embassy has authorized Turkey to sink the Russian battleship Kniaz Potemkine if she appears at the entrance of the Bosphorus. The porte called the attention of the embassy to the possibility of the battleship attempting to force a battle off the Bosphorus and asked what ought to be done under such circumstances. "Sink her without hesitation," was the reply.

The Turkish dispatch boat Issedin, consequently, was sent to try to communicate with the Kniaz Potemkine at the entrance of the Bosphorus, which will be sunk if possible.

#### Detailed Account of Lodz Riot.

St. Petersburg, July 10.— The Official Messenger this morning prints a detailed acount of the disturbance at Lodz, and editorially declares that they were unjustified by local economic conditions and were fomented by revolutionary, socialist and Jewish agitators. The account says that the disturbances culminated June 23 in an open conflicts between the troops by the rioters. On that day 160 of the rioters were killed and 152 wounded. An officers and three soldiers were wounded and two police agents were wounded and many others, while $50,000,000 worth of property was destroyed.

#### Wealthy Chicagoan Found Dead.

Chicago, July 10.—Lovejoy L. Hull was found dead in his room today at the Union club, where he had lived for the past ten years. Dr. W. A. D. Montgomery, who arrived shortly after Mr. Hull's death, thinks Mr. Hull died of heart disease. A bottle containing corrosive sublimate was found in the room, but Mr. Hull's friends place no credence in a theory of suicide. Dr. Montgomery said he had prescribed corrosive sublimate as a lotion for an affection of the skin, a disease that had annoyed Mr. Hull for some time.

#### WOMAN SAVES FIREMEN'S LIVES

**They Were Overcome by "Back Draught" in New York Fire.**

New York, July 10.—Miss Caroline Baumgartner, of this city, saved the lives of a number of persons who had been overcome by the "back draught" in a serious fire in the Wing building in Ninth avenue.

She once spent a few weeks at a training school for nurses and when she saw several firemen lying on the sidewalk, some of them unconscious she insisted on caring for them until the arrival of the physicians summoned to the scene. The first man she attended had been given up for dead, but she dispached a bystander for whisky, ice, water and ammonia, and by diligent efforts induced artificial respiration. Seeing that the patient was unconscious she ran into the roadway and treated another injured man and then another, kneeling in the muddy gutter, calmly at work with bandages, and ammonia, while the crowd of onlookers encouraged her.

#### China Refused Russia's Request.

Pekin, July 10.—M. Pokotloff, the Russian minister at Pekin, has left for washington. Prior to his departure, he requested the board of foreign affairs to sanction the dispatch of a small body of Russian soldiers as an escort to the Dalai Llama to the borders of Thibet. The Chinese replied that an escort was superfluous and refused their consent. Russia is apparently desirous to emphasize the fact that Llama is under their protection and it is reported that the Llama is drawing funds from a Russian bank at Kiachta. Minister Pokotloff recently privately interviewed the Llama at Urga and gave him presents. The Llama is still at Urga.

#### Pension Examining Surgeons Meet.

Chicago, July 10.—The National Association of pension examining surgeons has convened here for a two days' session, with 125 pension examiners, representing 4,500 members of the pension board in attendance. In order to further the movement toward doing away with whatever friction exists between the pension boards and the pension authorities at Washington Dr. Sam Houston, medical referee of the pension bureau, was invited to attend the convention. The convention will be devoted largely to the readig of papers on diseases peculiar to old soldiers.

#### Excursions for Endeavorers.

Baltimore, July 10.—Today is "Excursion Day" to the 30,000 Christian Endeavorers now attending the national convention of the society. The visitors and delegates are off today on three different excursions to Washington, where District Commissioner McFarland will deliver an address from the capitol steps, one to the battlefield of Gettysburg; one down the Chesapeake which will include pastors and visitors. Among the guests are Governor Warfield and Mayor Timanus and their families. All will return in time to attend a "camp-fire" which will be held in Armory hall tonight.

Louisville, July 10.—Robert W. Brown, chairman of the board of grand trustees of the Order of Elks, left today for Buffalo. The Louisville delegation to the National convention tomorrow on a special train Pullman cars via the Baltimore and Ohio Southwesterns and the Big Four. The Louisville headquarters will be at the hotel Iroquois and the delegation will entertain lavishly there and at the hotel Ellicott. Mr. Brown will resign as chairman of the trustees board and it is understood he has no ambition to succeed himself.

## INSIDE TIP GIVEN COTTON BROKERS

### Government Statistics On Cotton Crop Leaks Out.

#### IN LEAGUE WITH THE BROKERS

**This Outcome Is the Result of an Investigation Started by the Cotton Planters' Association, Who Charged that Information Leaked Out.**

Washington, July 10.—As a result of the investigation by secret service agents into the charges made by Ricuard Cheatham, secretary of the Cotton Planters' association, that information had been given to cotton brokers in New York by some person or persons in the bureau of statistics, department of agriculture, Secretary Wilson today made public an official report in which he states that Edwin S. Holmes, the associate statistician has been guilty of "juggling" the official report. The report says:

"It has been found that Mr. Holmes communicated advance information to L. C. Van Riper, a New York broker, and M. Haas, of New York, who acted as a go-between in conveying information from Holmes to other New York brokers, including Theodore Price. Steps have been taken by Secretary Wilson to prevent any further leakage of the department figures and an entire re-organization of the bureau of statistics and manner of preparing mothly crop reports has been outline b yhim. The papers in connection with the investigatio nwere referred to the United States attorney for the District of Columbia and he has reported that in his opinion a criminal prosecution will not lie against Holmes. Holmes has been dismissed from the service of the department.

According to the report , Wilson Judd of New York, formerly in the employ of L. N. Van Riper induced the latter to tell of his connection with the latter to tell of his connection with Holmes and then made the information to Mr. Cheatham. Van Riper became the principal witness in the investigation conducted by the secretary service and said he was oinduced to communicate the fact that advance information was given out by Holems because he had heard that Holmes and his associates had intended to try to manipulate the June cotton report.

Using this information as a foundation, the secret service agents interviewed numerous persons who had been mentioned by Judson and Van Riper as well as gathering a mass of correspondence including many letters written by Holmes to Van Riper and others. The report made to Secretary Wilson and the secretary's comments, together with details of the new plan of conducting the bureau of statistics, makes more than 4,000 words. It reviews the entire investigation beginin gwith the charges that were laid before Secretary Wilson by Mr. Cheatham several weeks ago. The charges by Mr. Cheatham were backed up with certain evidence that information had been given to cotton brokers in New York by some person or persons employed in the bureau of statistics, relative to the acreage and condition of the cotton crop of the United States prior to the official publication of the information and that the crop figures had been tampered with in the department in the interests of certain cotton speculators. Secretary Wilson determined once upon a thorough investigation and furnished to officers of the United States secret service all of the evidence which ha dbeen given to the department. Agents then were put in touch with Mr. Cheatham and directed to use ever, possible effort to ascertain whether there had been a leak in the department, and if so to furnish the secretary with the name of the person or persons responsible. Holmes is the only employe of the goverament who has been found to have had any connection with supplying information to brokers prior to the publication of the official report.

After reviewing the charges [illegible]

vice agents. Mr. Van Riper, the New York broker under examination said he became acquainted with Mr. Holmes in New York in Aug., 1904, through a "mutual friend." According to this testimony Holmes told Mr. Van Riper he could get information concerning the government crop report, principally through the report of the general agents and the report of the state agents. Van Riper said Holmes furnished him with information from time to time for several months in advance of the publication of official figures and that the information furnished by Holmes corresponded exactly with the figures afterward published as the official crop report.

#### Price Denies Everything.

New York, July 10.—Theodore H. Price, the New York cotton broker, today declared that he had no acquaintances with or knowledge of either T. C. Van Riper or M. Haas, from whom he is said in a report of the department of agriculture, to have received information concerning the cotton crop

#### ELEVEN MEN ARE DROWNED.

**They Were Thrown From Boat Into Swift Flowing Water.**

Chippewa Falls, Wis., July 10.—A terrible accident occurred at Little Falls dam, and eleven lost their lives in the water.

A crew of 74 men had been sent out by the Chippewa Lumber and Broom company to break a log jam below the falls.

A crew of 15 men started in a boat for the center of the stream. Louis Gokey and Andrew Cagnon were running the boat, which was overloaded, and as it touched the lower end of the jam three men jumped and landed safely on the logs.

The other 12, however, were carried away into the wild rapids, where the boat was capsized, throwing all into the water. They were all good swimmers, but the water was too swift, and only one succeeded in saving himself. He was a 17-year-old boy, Eddie Martin of Chippewa Falls.

#### Canadian Sailors Mutiny.

Halifax, N. S., July 10—The attempt of the government to transfer Canadian mails from the Allan line turbine steamship Virginia to Sydney and thence to Montreal by rail has developed the fact that the crew of the Canadian government cruiser Canada is in open revolt against Captain Kwnolton, who is in command of the vessel. Five of the crew are now in jail for refusing duty. The men allege bad treatment; that the decks leak, making the use of the hammocks impossible, and the bedding has not been changed for months.

#### Tragedy in Tennessee Town.

Nashville, Tenn., July 10.—A terrible tragedy occurred on the main thoroughfare of Dickson, Tenn., this morning in which Dr. E. W. Reddings, the town's leading physician, was shot five times by J. E. Fowler, a musician. Fowler charged Reddings with ruining his home. The wounded man is in a critical condition and can live but a short while. Fowler is believed to be insane. The tragedy has caused the intensest excitement at Dickson.

#### Socialists Bar Policemen.

Chicago, July 10.—Militiamen, policemen, deputy sheriffs and other officers of the law are to be barred for ever from membership in the industrial workers of the world, as the Socialist leaders have styled their new labor organization. Resolutions declaring against the admission of police officers into the new union were adopted unanimously at the convention now in session here.

#### Killed His Idiotic Son.

Morrisville, Pa., July 10.—Driven to distriction by remorse and the ever haunting memory of his crime, Gustav A. Closson, 52 years old, has confessed that he murdered his 11-year-old son because the child was an idiot. Closson deliberately planned, he says, to [illegible]

## JAPANESE ENVOYS SAIL FOR AMERICA

### Enthusiastically Cheered As Steamship Departs.

#### BANDS PLAY PATRIOTIC AIRS

**Baron Jutoro Komura and Minister Kogoro Takohira Will Represent Japan at Peace Conference To Be Held at Our National Capital.**

Yokohama, Japan, July 10.—The steamer Minnesota of the great northern line having on board the Japanese peace plenipotentiaries sailed from this point for Seattle at 4:30 this afternoon. The governor of Yokohama and the civic bodies escorted the plenipotentiaries to the pier, where they were received by a military guard. At the pier the plenipotentiaries and their suites entered launches and were conveyed to the Minnesota which was dressed with flags as were all other ships in the harbor.

The Marquis Ito, Premier Katsura the other members of the cabinet, Mr. Griscom, the American minister and the staff of the legation, were among those who accompanied Baron Komura and his party to the Minnesota. An enormous crowd of Japanese and foreigners with bands of music assembled at the water front and general enthusiasm was manifested, the bands playing partriotic airs and the crowd discharging fireworks.

On arriving on board the Minnesota Baron Komura and those who accompanied him partook of a collation after which the ship sailed amid a storm of "banzais." The Japanese guard ship, Takao, fired a salute of 19 guns as the Minnesota put to sea escorted by a torpedo boat and a naval steamer specially detailed to convoy her out of Tokio bay.

The Japanese peace plenipotentiaries are Baron Jutaro Komura and Kogoro Takahira, the Japanese minister to the United States. Accompanying Baron Komura from Japan are so far as is ascertainable here Colonel Tehaino, of the war office; M. Yamaza director of the bureau of political affairs; M. Saito, director of the bureau of information, and H. W. Denizom (American) adviser of the foreign office and a number of interpreters clerks and others appointed to assist the plenipotentiaries. Premier Katsura will act as foreign minister during the absence of Baron Komura.

#### SEPARATE CARS FOR NEGROES

**Senator Strange Introduces Bill—Legislature Adjourns Till Monday.**

Atlanta, July 10.—Senator Strange of Bulloch county, wants the negroes who ride on street cars to have separate cars or compartments provided for them and in the senate he introduced a bill which, if passed, will require all street car companies doing business in Georgia to provide separate cars or compartments for the negroes.

The senate passed the house resolution concerning the Chinese exclusion act, and after the resolution was read it was lost.

Owing to the fact that no committees have been appointed there will be no session of either the house or the senate until Monday morning. At the conclusion of business in both branches of the general assembly motions to adjourn until Monday morning were made and carried, and a majority of the members of the house and senate will go to their homes Friday night.

#### Lone Highwayman Robs Stage.

Meadows, Idaho, July 10.—The stage from Warren to Meadows has been held up by a lone highwayman near Resort station. The bandit covered the driver with two automatic revolvers and compelled him to cut open the mail sacks and throw them down. He then removed all the registered letters. Two passengers and the driver were lined up and relieved of their valuables. The robber then coolly walked

# THE SEMINARY WILL HAVE A FALL TERM

## This Was the Decision Reached by Citizens in Mass Meeting.

### AN ADJUNCT TO HIGH SCHOOL

### It Is Proposed, in Addition to Regular Seminary Course, to Teach the Higher Branches of Public School—Normalites to be Cared For.

An enthusiastic meeting of citizens was held at the court house Monday morning for the purpose of arranging for accommodations for the faculty and students of the University normal, which convened here Monday, also to continue the Seminary for another year, until the University buildings are completed.

The meeting was well attended and a great deal of enthusiasm was manifested along educational lines, which showed that our people are still thoroughly imbued in school matters—in fact, absolutely saturated with school ideas.

The meeting was called to order by Mayor Thomas, who explained its purpose. Marcus Endel was selected secretary.

The normal being called and conducted at the Seminary under direction of the State Educational Board and Board of Control, the barracks and dormitory of the college will be used for the accommodation of the faculty and students and Mrs. R. B. Taylor was selected as matron to furnish board at a rate not exceeding $12 per month.

The matter of continuing the Seminary until such time as the new State University buildings which will be erected are completed, which it is anticipated will be ready for occupancy at the term for 1906, it was decided to continue that institution as an adjunct to the Gainesville Graded and High School and by subscription over $1,000 was raised for the purpose of assisting in expenses of conducting same.

After disposing of a few other trivial matters pertaining to education the meeting adjourned.

## MR. SHEATS APPOINTED.

### Will be Principal of Gainesville Graded and High School.

Hon. W. N. Sheats, ex-State superintendent, has been tendered the principalship of the Gainesville Graded and High School by unanimous action of the board of trustees and the Board of Public Instruction for Alachua county. It is not yet definitely known whether Prof. Sheats will accept the position, but friends here are inclined to believe that he will.

Prof. Sheats is regarded as one of the most competent educators in the State, and will make of the school one of the highest standard.

### Mrs. Munsinger Married.

Friends of Mrs. Munsinger of Windsor will probably learn with surprise that she was married to Rev. Mr. Howell in Philadelphia a few days ago.

The bride is well known in Windsor, where she is postmistress, and where she has resided for twenty years past. She has many friends in that section.

The groom is not so well known here at present as he probably will be, since it is learned that he will take up his abode at Windsor. He is a strong personal friend of Rev. W. E. Blackstone, the Bible Conference orator who is known here, and is said to be a man of rare literary talent.

The Sun extends congratulations.

### At the Opera House.

Mrs. Edna Smith Morrison took the leading soprano role in the musicale given here for the benefit of the Pythagoras Lodge, Knight of Pythias, last Wednesday and more than surpassed the many good things that was said of her before she came. Should the Cutter-Morrison Concert Company ever visit Tampa again they shall be given a still greater reception.—Tampa Tribune.

This company will appear at the Opera House this evening under the auspices of the Twentieth Century Club for the benefit of the public library.

### Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and $1. Sold by W. M. Thomas.

## Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

### Noted Moonshiner Captured.

Raleigh, N. C., July 10.—The United States deputy marshal and four of his assistants have arrested after a desperate struggle Columbus Edwards, a white man, who has for 25 years been, perhaps, the most daring moonshiner in Piedmont North Carolina. It required the strength of all five of the men to overpower and handcuff Edwards, who styles himself "the Red Fox," and whose boast is that for a quarter of a century he had been too sly for the best revenue officers in the service. He is in jail.

### Tennessean Waylaid and Killed.

Chattanooga, Tenn., July 10—A special to the News from Pikeville, Tenn., says that W. S. Tollette, vice president of the Ferguson house here and brother of the state senator, E. G. Tollette, of Crossville, was waylaid and shot to death early this morning while coming from his farm. No cause is known for the crime. The murderer has not been captured.

### Mr. Cleveland Will Not Retire.

New York, July 10.—In relation to a report that Grover Cleveland was considering retiring from the trusteeship of the Equitable Life Assurance society, Mr. Cleveland authorized the following statement: "Nothing has occurred thus far to dissatisfy me in the least, and the idea of retiring from the trusteesship has never entered my mind."

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns of Rat Portage, Ontario, Canada. "Being a mild physic the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all druggists.

Tokio, July 8.—1. p. m.—The following dispatch has been received from the Japanese army headquarters in Manchuria:

### Kansas Can't Build Refinery.

### Forced to Starve.

B. F. Leek of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At all drug stores; only 25c.

## GORGEOUS ATTIRE.

### Dress of a Liverpool Merchant In the Eighteenth Century.

The Liverpool merchant in the latter half of the eighteenth century must have presented a by no means unpleasing appearance. He dressed, as a rule, we are informed, in a suit of one color, usually light or of a snuffy shade. The cut of his ordinary coat resembled that of a court dress coat, with standup collar and gilt, silvered, twist or basket buttons. His waistcoat was very long, with large "flaps," containing flapped pockets, these often decorated with buttons. His breeches, being short, were ornamented at the knees with buckles of gold, silver or stone, kept in countenance by large gold, silver or gilt buckles on his shoes, his legs being hosed, as a rule, in silk, plain, striped or ribbed. Ruffles at his wrist and a white stock about his throat were an almost invariable accompaniment, and on his head a cocked hat, pointed in front and higher at the back than the sides, over hair dressed into large "cannon" curls on each side of his face, with a cue hanging behind, or it might be over a "tie," "cauliflower" or "brown bob" wig. Thus, with stick or umbrella, rendered remarkable by reason of its head of gold, silver, amber or ebony, would he wend his way to "town." In "full dress" he must have even more attractively looked the merchant "prince" in his waistcoat of silk, satin or velvet rich in color and design, with long flaps elaborately embroidered, silk breeches and silk hose, with conspicuous knee and shoe buckles. If he on occasion dined with the mayor he might receive an engraved invitation card similar to the following, directed to Mr. Leece in 1776: "Mr. Mayor presents his compliments to Mr. Leece, begs the favor of his company on Sunday next to dinner, at 1 o'clock, at the Exchange. An answer is desired. 12th July, '76."

### Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all drug stores; price 50c.

### The Policeman and His Uniform.

Why is it that a policeman of medium build can handle frequently two and sometimes three men his size in a fight? An officer on the local force was discussing the question. "I'll tell you why it is," he said. "It is simply because the policeman is in uniform. The uniform denotes authority, and that takes the nerve out of his opponents to a certain extent. They know that they are breaking the law by resisting him, while he might even kill them and not commit a crime. All through a fight with a policeman the other fellow or fellows are thinking of escape. The officer isn't. He's thinking of subduing and arresting the man or men. He puts his whole effort and strength into it, while his opponents generally fight in a half hearted way. Put a policeman in citizen's clothes, with his star under his coat, and he wouldn't be able to whip two men his size any more than you would unless the two men knew he was an officer of the law."—Kansas City Times.

### One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

The Board of Trade of the city of Gainesville have perfected all arrangements for the opening of the dormitories of the East Florida Seminary to the students, charging $12 a month board. This gives to the students an opportunity to secure first-class board at a nominal sum.

Those who desire to secure rooms in the dormitories should make application at once, because it is impossible to say how long the rooms will remain vacant. Quite a demand is already being made for reservations.

### A PRIZE WINNER.

**F. W. Barron of Evinston Sends to Gainesville a 96 Pound Melon.**

When F. W. Barron, the progressive postmaster, merchant and all-round good citizen of Evinston, undertakes to do anything he goes at it in a manner which assures success, and very seldom, if ever, fails.

Mr. Barron has sent to The Sun a watermelon weighing ninety-six pounds. This melon was taken from a ten-acre field which has produced melons this season weighing from forty to ninety-eight pounds, making a fine average, and which have brought extra fancy prices in the market. Unlike the majority of melons of this dimension, the fruit is very solid, sweet and of excellent flavor. Mr. Barron is saving the seeds from this tract.

Thanks are extended to this enterprising grower for both the melon and his thoughtfulness.

### BURGLARS AT WORK.

**Entered Telegraph Office Sunday Night and Stole Several Things.**

Burglars are again at work in Gainesville, and the office of the Western Union Telegraph Company is the latest victim. Some time during Sunday night they entered the office through a rear window and helped themselves to a telegraph instrument, telegraph key, sounder, small electric motor, two dry batteries and a few other things, the greater part of which was the property of Fletcher Ellis, a messenger boy in the employ of the company.

It is believed that the intruder was either a novice or a youth, since the articles taken were of little value to any person professionally engaged in the business.

# Dyspepsia of Women

## ABSOLUTELY NEEDLESS AGONY

**Caused by Uterine Disorders and Cured by Lydia E. Pinkham's Vegetable Compound**

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by a derangement of the female organism, and which, while it causes a disturbance similar to ordinary indigestion, cannot be relieved without a medicine which not only acts as a stomach tonic, but has peculiar uterine-tonic effects also.

As proof of this theory we call attention to the case of Mrs. Maggie Wright, Brooklyn, N. Y., who was completely cured by Lydia E. Pinkham's Vegetable Compound after everything else had failed. She writes:

"For two years I suffered with dyspepsia which so degenerated my entire system that I was unable to attend to my daily duties. I felt weak and nervous, and nothing that I ate tasted good and it caused a disturbance in my stomach. I tried different dyspepsia cures, but nothing seemed to help me. I was advised to give Lydia E. Pinkham's Vegetable Compound a trial, and was happily surprised to find that it acted like a fine tonic, and in a few days I began to enjoy and properly digest my food. My recovery was rapid, and in five weeks I was a well woman. I have recommended it to many suffering women."

No other medicine in the world has received such widespread and unqualified endorsement, or has such a record of cures of female troubles, as has Lydia E. Pinkham's Vegetable Compound.

### FERRYMEN DROWN IN VIRGINIA.

**Bridal Couple on Boat Narrowly Escape Similar Fate.**

Danville, Va., July 10.—Hampton Oakes, white, and James Pannell, a negro ferryman, at Towler's ferry, on Staunton river, were drowned while rowing a party across the river yesterday evening.

In the boat were J. A. Ferguson and his bride of a few hours, Rev. Mr. Brooks, the minister who had married them, Walter Johnston and the two men that were drowned. The cable connecting the boat with the overhead cable broke, causing the boat to turn with the current and fill. Pannell and Oakes, seeing the danger, jumped and were immediately drowned. Johnston climbed to the overhead cable and after hard work succeeded in towing the boat ashore.

The bridal couple and the minister were taken from the water nearly exhausted. The buggy in which the couple were driving was washed overboard and the horse drowned. The minister's horse lodged in a tree and was afterwards rescued.

### THE AGRA DIAMOND.

**Odd Manner In Which It Was Smuggled Out of India.**

Like many other diamonds, the Agra diamond has had adventures. It gets its name from the fact that it was taken at the battle of Agra in 1526 by the Emperor Baber, who was the founder of the Mogul empire in India. The Marquis of Donegall was in Agra in 1857 when the diamond was taken from the king of Delhi. Donegall was at the time engaged as secretary and belonged to the same regiment as the young officer who obtained possession of the diamond. It was resolved among them to smuggle it home to England rather than give it up and so share in the loot money. The question arose how were they to get it home.

Someone seemed able to hit upon a method that would be likely to meet with success until the last evening previous to the departure of the regiment. During the course of dinner the youngest subaltern suddenly jumped up and said: "I have it. We will conceal the diamond in a horse ball and make the horse swallow it." This met with general approbation, a ball was secured, the inside scooped out, the diamond inserted, the end stopped up and the horse made to swallow it.

When the regiment reached the port of embarkation the horse was taken ill and had to be shot. The diamond was taken from his stomach and brought over to England. It was subsequently sold to the Duke of Brunswick and since then it has been recut from a forty-six carat stone to thirty-one and a half carats in order to get rid of the black spots in it, and it is the most perfect and brilliant diamond of a rose pink color.

### Andrew Johnson's Writing.

The letters of President Taylor are rare, but perhaps those of Andrew Johnson are the rarest, as he did but little of his own writing. His son conducted most of his correspondence and signed his father's name to the letters. It is related that one reason why President Johnson wrote so little was owing to an accident which happened to him when he was working at his trade as tailor. One day a tailor's heavy iron goose fell on his arm, so injuring that member that he found it extremely difficult to indulge in penmanship thereafter. Andrew Johnson was the poorest writer among the presidents as well as the rarest. His handwriting was very much of a scrawl and can scarcely be deciphered by the average reader.

### Natural Cross of Pearls.

Some curious things have been found in the briny deep, but one of the oddest is an ecclesiastical emblem made of pearls which was washed ashore on the coast of West Australia. There are nine good sized gems in this natural curiosity. These have been joined together to form a perfect Latin cross. Seven pearls of equal size comprise the upright and two more form the transverse piece. The joining has been the work of nature. The odd prize, discovered in a pearl oyster, is said to be worth at least $50,000. It is called the Great Southern Cross pearl.

### Both.

Bass—And of which variety is your wife, the clinging vine or the self assertive? Cass—A little of both. When she wants a new dress or a new hat she generally begins in the clinging vine role. If that doesn't bring the money, then she changes to the self assertive, and—well, she invariably gets the dress or the hat.

"He says people should marry their opposites."

"Why, they are both dark."

# BRUTAL MURDERER GETS IN HIS WORK

## Family While Sleeping Was Attacked With Serious Results.

### FATHER AND BABY KILLED

**Mother Painfully Wounded—Head of Unfortunate Man Almost Severed From Body at First Shot, Which Also Killed Child—Cub Jackson Arrested.**

While sleeping at his home at peace with mankind and the world, William West, an energetic and law-abiding colored citizen of Bland, was horribly murdered, his young baby by his side met a similar fate, and his wife was painfully wounded, by a sneaking assassin Saturday night.

West was living in a house on the John Cook place, where he has been employed for some time. He was regarded as a most peaceable and hard-working man, interfering with no person's affairs, and the assault caused a great deal of indignation among the residents of that section, both white and colored.

Information from Bland, received in this city Monday, is to the effect that West and the child were sleeping in one bed, while his wife occupied another in the same room. The night being warm the windows were up. Suddenly, without warning, the report of a gun rang out from the window nearest the bed occupied by the man and baby. The first shot had its effect, literally mutilating the head of the unfortunate victim, his brains going in every direction. This shot evidently killed the child also, as the mother stated that the second shot was directed at her, three shots taking effect. She had the presence of mind to extinguish the lamp, which was near her bed, when two more shots were fired in that direction in the dark, but failed in their mark.

Neighbors were attracted to the scene, when they discovered the horrible condition. A score of men and boys began a search, which resulted in tracking to his home, a short distance away, a negro by the name of Cub Jackson. Jackson denied all knowledge of the tragedy, but he was placed under arrest and was given a preliminary hearing before Justice Caswell at Alachua Monday afternoon. The result of the decision in the case was not learned but it was said that circumstances were so strongly against him it is probable that Justice Caswell committed him to prison.

## A JOLLY TRIO.

**Three Prominent Women Educators of Florida Receive Recognition.**

In the New York American of July 6 there appears in connection with a report of the proceedings of the National Educational Association a good half-tone picture of Miss Anna Choises, Miss Clem Hampton, and Miss Hattie Lewis, "three prominent women educators of Florida."

The picture is one taken of the three grouped on the veranda of one of the noted hotels at Asbury Park. While the names of the three ladies do not figure in the published proceedings, there are few names connected with the report as it appears in The American. But just underneath the picture is the following paragraph:

"A high jumping exhibition of hurdle race effect was given by a number of the teachers at the meeting of the department of physical instruction, despite their fresh white pique skirts and billowy petticoats. The idea was to conduct an experiment of the co-ordination and relation of the mental forces with the physical and most of the teachers demonstrated beyond cavil that if their minds said 'jump' their muscles could respond readily to the call."

There are no names mentioned and the readers of The American, however, are at a loss to know who carried off the honors. The friends of Miss Hampton are willing to wager all they have that Miss Clem won easily.

## LINEMEN TOUCHED LIVE WIRE.

**Is Instantly Killed—His Body Hung in Midair for Some Time.**

Atlanta, July 10.—Stricken by a live wire which he had accidentally touched, D. S. Demars, a lineman who was working at the corner of Jackson street and North Boulevard, hung suspended in the air until fellow workmen could extricate the body and lower it to the ground with ropes.

For many minutes the dead man hung from the end of an arm on an electric light pole, his foot having caught in the wires. His head was swinging below the wires and the blood flowed from a great burned place in his left side. Other workmen had to ascend the pole, cut away the wires and tie a rope to the swinging body, when it was carefully lowered to the ground.

Demars was alone on the pole repairing wires. He accidentally let his left arm touch a live wire as he tried to throw a hand over it. The shock was so great that he was thrown away from the pole, where he struck other live wires. His foot caught in the wires fastened to an arm on the pole and kept him from falling to the ground.

We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by all druggists.

Columbia, S. C., July 10.—W. J. Rollins dropped dead at Lucknow, Lee county, as the result of a dispute. Some of the citizens decided to clean a ditch and Rollins was overseeing the work. Peebles said he would help and secured a hoe and began work. The two men disagreed as to how the work should be done. Peebles became offended and went home. Later Rollins went by Peebles' house to explain the matter more fully. Peebles being already mad, ordered Rollins away, cursing him. Rollins went to the well, which is in full view of Peeble's piazza. While standing there he fell dead, with Peebles still cursing him.

## THE UNIVERSITY.

It is unnecessary to again refer to the honest fight we made to gain it, nor is it necessary to again praise the liberal spirit of our people, who backed Mayor Thomas and his delegation so effectually in their fight to win for our city a lasting glory.

We make no vain-glorious attempt to triumphantly shout our victory over any other city in the race for the laurel we have won. But we do feel a naturally proud spirit rise within us when we consider that one of the brightest gems at the State's disposal has been reposed in the diadem of Gainesville's ambition, and that we, her citizens, have been made the custodians of a jewel whose light we hope will flood even the darkest corners of the South with the glory of the light of Florida.

The task imposed, which we knowingly and willingly took upon ourselves when we entered the fight for the University, is not yet completed, nor will it be in the memory of man.

That we have the University is not all the fight. It has only opened the door to a greater one—the preservation of high ideals and the endowment of the institution itself with an atmosphere which will equip the youth with an ambition to become a member of its alumni. And the fight must be continued to a glorious sequential end. We must, by our endeavor, by our encouragement, and by our everlasting aid, so burnish and polish its purpose as to cause Florida to continue to fan the spark of faith she has kindled in the hearts of her people as to our fitness and worthiness to guard the jewel, so as to cause that spark to leap into a flame so great that the conflagration may paint on the skies of the South, "Gainesville, Alma Mater," as a beacon by which the youth of our State may be guided in the walk of a great, grand future—a future filled with human kindness and a true brotherhood of humanity.

Education is the keynote of progress. It stands as the great leveler of class, the great upbuilder of a people's civic righteousness. It opens the doors of all that is best and good in the world. It is a richness more priceless than the standard of dollars can measure. It makes leaders of men and counselors of women. A good leader cannot be other than a good man, and a wise counselor cannot be other than a good woman, and good women make good and great States.

Never lived there a man, profligate of his youthful opportunities of education though he were crushed under the weight of millions of money, but what regretted in his last moments something his wealth could not buy—a great enlightenment—a noble education. It is a gift to youth by snowy age; it is the sacred endowment of a wise father and a loving mother to a hopeful future, and fits the youth to go forth into the battles for his people, for his commonwealth, with a stout, courageous heart, armored with an appreciation of duty as a gift from his parents to be handed as an heirloom to his own children.

Educational preeminence, like state-ly fortune, is carved by the chisel, not the axe, and perfection can only be attained by the delicate touch of a masterful hand, guided by a critical precursor, to bring the whole statue to that rich thing of beauty that all men may admire and feel proud to own. We cannot expect to jump at once into the magic circle of the limelights of the educational arena and proclaim our institution the best out in time, let us hope, with the entire cooperation of our people, applauded by all the people of our grand State we will earn the right to prove our fitness with the motto that even the little seats of the mighty may rest in the shade of the Athens of the South.

## GAINESVILLE TO LAKE CITY.

We offer condolence to the bereaved Lake City. You forgot to file what you believed was your birthday and here's to you:

Has she failed? Let them perish
Has she stumbled? Let them fall
We can only say for Lake City
It's a good place to watch to the —Gainesville Star.

Gainesville should not be ashamed. She should lift high the city's standard and be void of offense to all neighboring cities.—Alma Banner.

The Banner is assured that Gainesville is not ashamed. Every man, woman and child in Gainesville, outside The Star office, whose ed tor is unknown, condemns the four lines of doggerel which appeared in that paper of last week. The people of Gainesville, lead by Mayor Thomas, made the campaign for the location of the State University here solely upon the merits of our town. The claims of Gainesville were set forth only as could be substantiated, and we rested our case upon these claims and upon the demerits of any other town.

Gainesville sympathizes with Lake City in her loss, instead of gloating over it, and our people regretted the necessity which forced them to fight for the town's supremacy as the educational center of Florida. The issue was forced upon us when the East Florida Seminary was abolished, and we entered the contest determined to win. Certain men furnished the club with which their own heads were cracked; but Gainesville has only the most kindly feeling for Lake City and its good people.

## WAS BEWILDERED.

E. C. Smith of Ocala furniture fame, and an auto expert, returned yesterday afternoon from Gainesville, where he happened to be on business. Thursday night he was sleeping the sleep of the good and virtuous at the Brown House when Gainesville received the news from Tallahassee that they had won out on the State University contest. He said it was about 1 o'clock when he was seized with a most terrible nightmare. The fire bells were ringing and he imagined mountains of flame were surging over his head and roaring like the Niagara in his ears, that he was in a 32-story building and the walls were falling in. As soon as he could extricate himself from this frightful mental condition, he got up and dressed, and on investigating the cause found out what it was. From that time on until the train left yesterday the town and its people were celebrating. Everything that rang, that whistled, that exploded or resounded, was called into requisition, and the hottest time in its history was abroad in the old town. Everybody was out, cheering and shouting, and their joy knew no bounds. Well they may, for it is the biggest thing that ever befell our neighbor. The Star glories in the spirit it aroused. It is an omen of an auspicious beginning for the new University, and a happy continuance of its glorious educational career for the town and commonwealth.—Ocala Star.

E. A. Law, the new editor of The Bartow Courier-Informant, in assuming his duties on that excellent paper, does not make a long string of promises as to what he will do, but will endeavor to make the paper progressive. He is the kind of man we need today.

## THE RIGHT SENTIMENT

Senator McCreary is in receipt of a letter from Hon. D. H. Baker of Orange Home, Sumter county, which is expressive of the proper sentiment. Mr. Baker represented Sumter county in the State Legislature four terms, represented Sumter and Marion counties in the Senate and was a member of the Board of Trustees of the East Florida Seminary, filling every position with credit to himself and his constituents. Florida never had a more loyal citizen to whom that reposed in him than Mr. Baker, and a word from him is the utterance of an honest man. Following is the letter:

Orange Home, Fla., July 8, 1905.

Hon. H. H. McCreary,
Gainesville.

Dear Senator: Because of the devotion of the State Board and the Board of Control in locating the University at Gainesville, I feel that a great benefit has been done the youth of the state. The people of the State are to be congratulated much more than the citizens of Gainesville because of the location.

Sincerely yours,
D. H. BAKER."

Our esteemed friend has settled down to the pursuits of orange growing at his pleasant home in Sumter county, is respected by all who know him, and looks back on his past record with a feeling that he has done his duty well. We wish Florida had more of such men.

## GAINESVILLE LOYALTY.

In speaking of the University of Florida and its location at Gainesville, The Tampa Herald says that "it takes something more than fine buildings and fine grounds to make a University. That something Lake City seems to have lacked and Gainesville seems to have possessed.

"Alachua county has never sent a representative to the Legislature of Florida who has not been loyal to the East Florida Seminary and its management, and we do not believe she ever will send one who will not be loyal to the new University of Florida, and who will not be a firm defender of the institution and its management whenever they are unjustly attacked on the floor of the Legislature of our State."

The discourse of the Rev. John G. Anderson of Tampa, at Kavanaugh Methodist Church Sunday evening, was an ably prepared and timely address to the people of this city. He directed his remarks along the lines of education and showed that the glory of the great centers of education—Greece, Rome and Italy—had all faded through lack of purity of the popular heart. The audience listened with marked attention; but, if the past is any standard from which to judge, there need be no apprehension of danger here in our midst. The sentiments of our people are for good, and those who are most in the foreground as framers of public sentiment are in full accord with the Divine Ruler. The atmosphere of our fair city will never bring reproach on anything that is for the weal of the people.

## STUDYING LAW.

**The Lawyer's Office Not What It Once Was For Students.**

Questions regarding the study of law were sent out recently to many lawyers of Illinois by the University of Illinois and elicited 1,000 replies. From these it appears that the days of studying law in a lawyer's office have passed away. Very few of the offices have any law students at all. Many of the ablest lawyers expressed the opinion that study in a law office is an absolute waste of energy. Nearly all the successful law firms declared that they had no time to devote to young men who desired to study law and that such young men were a nuisance in the office. The only young man they could use at all was one who had already passed his examination for the state bar and who was willing to work for nothing for a year or two in order to get the experience which comes from a large office. Out of the 1,000 replies only seven favored preparation for the bar in a lawyer's office.

Another striking result of this investigation is found in the answers to the questions as to the proper degree of preliminary education a student should have before entering the law school. A majority of the whole number urged that every one taking up the study of the law should complete a full college course. Of the others a majority were in favor of at least two years in college. There was a practical unanimity that the completion of a four years' high school course was the absolute minimum which was at all acceptable.

It was the general opinion that, having once entered the law school, the young man should give his entire time to the work of the school and not attempt to combine it with work in a lawyer's office or, indeed, work in any other place unless that was absolutely necessary to pay expenses. One lawyer declared that it was a poor school that could not keep a student busy all the time, and if a boy found himself in such a school he ought to leave it for one which could keep him busy.—Chicago News.

## PITH AND POINT.

A child is always surprised that you don't know the washerwoman at its house.

When you throw a friend a bouquet, don't throw it so he will catch the thorns in his hands.

Hope is a progressive game. One's children failing to become famous, the hope progresses to the grandchildren.

It is easy for a woman to be polite; all she has to do is to smile, but a man has to smile and raise his hat.

Worrying about the future is believing there will be ghosts tomorrow, though you know there are none today.

Parents are hard on their children when the children are young, and when when the parents are old the children are hard on the parents.—Atchison Globe.

**The Boss Worm Medicine.**

H. P. Kumpe, druggist, Leighton, Ala., writes: "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson.

**The Theological Labyrinth.**

Stephen Essex, a Methodist minister, is the hero in "The Bishop's Niece." His state of mind after his early wanderings in the theological labyrinth is thus described by the author, George H. Picard:

At twenty-seven Stephen Essex had not made a perfect recovery from the panic into which a premature discovery of the plan of salvation had thrown him. He had employed the remedies which are prescribed to heal our common moral illnesses, but their abundance and variety as well as his disposition to leave none untasted had retarded his convalescence. His present condition was that of one who, though realizing that he has halted, almost miraculously, just inside the end of opportunity, is still fearful of doing something which will undo everything.

**The Diamond Cure.**

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee of Vanleer, Tenn. "I had a cough, for fourteen years. **Spider Courtship.**

The courtship of the Saitis pulex, a spider, is described by an expert in insect life as a most elaborate exhibition of skill and grace in dancing. Balancing his body on his long legs, he moves in a semicircle for about two inches and then, reversing the position, twists and turns in the opposite direction, repeating this grotesque figure scores of times and pausing every few minutes to rock from side to side and to bend his brilliant legs so that they may be brought into full view of his admiring mate. A similar display, but with varied antics, marks the lovemaking of other sorts of spiders, but this manner of courting is not without its risks, and it may often happen that the lively suitor, if he prolongs his performance or shows off his points of perfection too persistently, is suddenly seized and devoured by his more muscular mate.

**A Just Rebuke!**

A young bride was invited to a bridge whist luncheon and, after spending a delightful afternoon, was told by her hostess that she was in debt $75.

Mrs. ——, unaware that she had been playing for money, was horrified at the idea of having to ask her husband for the necessary amount.

She mournfully confided her woes to him, and he immediately wrote a check for $76.50 and sent it to the hostess.

The hostess, believing that a mistake had been made, informed him that he had sent $1.50 too much.

Mr. ——, however, returned it with the curt statement that the $75 settled the bridge score and the balance was for his wife's luncheon.—New York Times.

### Women Drowned While Bathing.

Knoxville, Tenn., July 10.—Miss Maggie Thorin and Miss Ella Olsen, a native of Sweden, who were guests of the wife of President Perrin, of the Embreeville Iron company, at Embreeville, Tenn., were drowned in the Nola Chuckey river near Embreeville while in bathing. The two women had started to wade across the river hand in hand, when Miss Olsen, who was in front, stepped into water 15 feet deep dragging Miss Thorin with her. When they began strangling Miss Zelna Johnston, who was on the bank screamed for help and a man responded, but he did not arrive until Miss Olser and Miss Thorin had sunk for the third time. Both bodies were recovered.

### Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A setere cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McClellum & Co.

### Authorities May Clash.

Georgetown, Ky., July 10.—It has been stated here today that Judge Sloat, of the circuit court who is to call the case of Caleb Powers for trial on Monday, has given orders to Jailer Finley not to allow, under any circumstances, the transfer of Powers from his charge, until after the trial. No matter what decision was made by Judge Cochran, and that the prosecuting attorney concurs in the order. As Judge Cochran granted the writ of habeas corpus, and directed that Powers be taken to the jail at Newport, Ky., a clash of authority may occur when the order of the United States judge is put into effect.

# Take Care

## Of Your Heart.

It is the engine that forces the blood to every part of the body; this blood conveys the nourishment that makes flesh, bone and muscle; it also carries off the worn-out particles.

If the heart flutters or palpitates, it is weak, and is working imperfectly, so that the body does not get this nourishment; it also fails to throw off the impurities, and they remain to poison the system.

If it is irregular, skips beats, or is painful, the heart is probably "leaky" and the circulation poor. These conditions are dangerous. You can make your heart well, and keep it so, with Dr. Miles' Heart Cure, which is a heart medicine and tonic that strengthens the heart nerves and muscles.

"I have been a sufferer for years from nervousness and weak heart, and I have tried all the doctors in the community. They all told me that I had heart trouble, but they failed to help me. My druggist prevailed upon me to try Dr. Miles' Heart Cure, and Restorative Nervine, saying that if the first bottle did not benefit me he would return the money. Every dose helped me from the time I began taking it, and after awhile my trouble was gone entirely."

BURDETTE LeKAY, Cuba, N. Y.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

### Negro Riddled by Mob.

Shelbyville, Ky., July 10.—Lon Beard, a negro, who had been arrested on the charge of assaulting Mrs. Chester Crawford, of Normandy, was lynched at that place. He was being taken from Taylorsville to Shelbyville for safekeeping, but when the train arrived at Normandy a mob of about 25 men entered the day coach and riddled Beard with bullets as he sat in his seat.

### Insurance Man Comits Suicide.

Spokane, Wash., July 10.—F. C. Boyd, aged 35, assistant general agent of the Hamburg-Bremen Insurance company, has committed suicide by shooting himself through the head. Boyd was heavily interested in the Big Bend Naval Bank of Davenport, Wash. C. C. May, president of the bank, was arrested in Berlin. It is believed his mind was unbalanced.

### New Officers Are Elected.

Paducah, Ky., July 10.—The members of the American Microscopical society have elected the following officers: President, Simon H. Gage, Cornell university, Ithaca, N. Y.; secretary, R. H. Wolcott, univerisity of Nebraska, Lincoln; treasurer, J. C. Smith, New Orleans, La.

### Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1. Sold by W. M. Johnson.

### Getting Even With a Creditor.

There is a story told about a western man who now wears the title of judge. A certain man had a twenty-five dollar claim against the judge, who was then only an attorney, and had dunned the judge for payment until it became monotonous to hear the reply: "I haven't the money now, but expect to have soon. I will pay you as soon as I can." So one day he told the judge that he proposed to sue and put the claim into a judgment. "That will do you no good," the judge replied, "for I haven't a thing that you can levy on, and it will only make costs." The man did not care for that, as it would be some satisfaction to have a judgment. The judge remarked, "You will have to hire a lawyer to sue for you; now, let me have it and I will go down to court and confess judgment and save the bother of a trial." The man handed over the I O U, and the judge went to court and confessed judgment for $25 and costs, as he agreed to do. Then he sent in a bill to his creditor for $50 for attorney's fee and concluded that he was even at least, to which the creditor agreed after recovering his breath.

### Indigestion,

With its companions, heartburn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

### Elephants In the Forest.

"In certain regions of Africa," writes an old hunter, "elephants are still numerous. This is particularly the case in the country lying between the Victoria and Albert lakes, which is very hilly and covered by much forest. Their tracks are visible everywhere, although they themselves are but rarely seen. The damage done by elephants to these forests is incredible. I have more than once come upon spots where these huge beasts would appear to have held a kind of elephant carnival, apparently for no other purpose than that of wanton destruction. A large area covering many acres would be completely stripped of trees, nothing but jagged stumps, sticking up a few feet from the ground, remaining of what had once been thick forest. Masses of large trees would be uprooted and buried about in every direction, many of them being tossed bodily to a long distance from their original position. In many cases the entire foliage would remain intact, showing plainly that food could not have been the primary object of this wholesale destruction."

### Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W.

## READ THIS.

PRYOR, TEXAS., June 1, 1901.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: I have suffered several years from kidney and bladder trouble and have tried a number of preparations, but can truthfully say that nothing has proved so effective as your Texas Wonder, which I can truthfully recommend. GEO. W. CLAIBORNE.

### A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. Isaac Levy, formerly of this city, but now the traveling representative for Brown Ritchey & Co., New York, wholesale druggists, is working the trade and greeting old friends, all of whom are glad to see him again. Mr. Levy is very much elated over Gainesville's victory in the University matter, as he says he feels more at home here than any other place.

Rev. John G. Anderson, a Presbyterian divine of Tampa, preached two interesting sermons in this city Sunday, filling the pulpit of the Presbyterian church in the morning and the Methodist in the evening. Attention is directed to the advertisement of W. B. Higdon, general agent of the Union Central Life Insurance Company of Cincinnati. This company, although comparatively new in this immediate section, is one of the strongest and best in the country, having been established and conducted on a conservative and safe basis for the past thirty-eight years. This company writes a special annual dividend premium which appeals to life insurance takers, which Mr. Higdon will be glad to explain. His office is at 108 West Main street N.

W. R. Steckert, C. S. Hill, Moseley Taylor and Benjamin P. Richards returned yesterday from points in the West End and LaFayette county, where they have been engaged in surveying lands for the Cummer Lumber Company for the past thirty days. While away Mr. Richards killed a monster rattlesnake, something like seven feet in length and brought the seventeen rattles and button home as proof of his game. Mr. Steckert killed an immense bear and it is said that Charlie Hill shot at one. Mr. Taylor has nothing to relate, as he was kept too busy fighting mosquitoes to hunt game.
